

RN

LifeCircles, a Porter Hills PACE Partnership, is in need of a full-time Clinic Nurse to join our innovative geriatric health care program in Muskegon, MI.

Clinical: The PACE Clinic Nurse provides a range of services, including medication review and administration, routine monitoring of acute and chronic medical conditions, interpret and record latest diagnostic results, report unusual findings promptly to the primary care provider, supervisor or IDT. Administers treatments/procedures/medications and other care as prescribed and according to patient care standards. Documents in the participant's medical record as required by policy. Participates as On Call Nursing staff, per On Call policy and scheduling practices.

Coordination: Coordinate the clinic activities and maintain the structure and flow of the system to assure the clinic's capacity to prioritize early identification, assessment and management of symptoms in the geriatric population served at the center and in the community.

Candidates must possess an unencumbered license to practice as a Registered Nurse in the State of Michigan with a minimum of one year experience working with the frail, elderly, or long term care population.

Candidates must have reliable transportation and a current valid Michigan driver's license. CPR certification and updated immunization status is required or will be provided.

Applicants must apply through our website at www.lifecircles-pace.org .
